ON MANEUVERS

Dear Daddy: Dec. 15/41 Mon.

I got the box and was glad to get it. I got Bert's typewriter yesterday too. That was the best box I ever got. I was glad to see the telegram too. I know that Bertis alright, and they won't have much trouble there from now on. We have all under control. I got a letter from Lottie yesterday. I sure have anice present for Lottie. Just wait till you see it. I will be home Dec. 28 till Jan 4th. hat is the only time I could come home. It is warm here now, and beautiful weather. We are working hard on the books now. I was in Jax Sat. nite, and saw Mrs. Metzger. She is a wonderful woman, and has really been nice to me. They opened the new Diana shop a few weeks ago, on the main corner, and it is the most beautiful store I have ever seen. Write soon, and tell Mother to do a little worrying over me, instead of all over Bert. I deserve a little consideration too. Love, Harold

Don't make Lottie quit her job! Let her keep on working!
